**CENTURYLINK RESPONSE TO
NOTICE OF OPPORTUNITY TO FILE
CONCERNS REGARDING AVAILABLE
PROTOCOL FOR PAPERLESS FILING**

On October 14, 2016, the Utah Public Service Commission (“Commission”) issued a Notice of opportunity to file concerns regarding available protocol for paperless filing. As set forth at the October 11, 2016 technical conference, CenturyLink agrees in concept with the Secure File Transfer Protocol (SFTP). CenturyLink continues to support the use of electronic filing, including the use of a SFTP. So long as the SFTP utilized by the Commission provides appropriate protections for confidential and highly confidential information, including providing the same protection with respect to open records law as if the document was hand filed at the Commission, CenturyLink is in support of such approach.

CenturyLink has added some more questions, overlaying the questions recently filed by Rocky Mountain Power. (See Attachment 1)

CenturyLink looks forward to participate in these dockets.

RESPECTFULLY SUBMITTED this 24th day of October 2016
