Subject: Questar rate Hike to recoup rural pipeline costs -- STRONGLY oppo sed

I live in North Ogden Ut and I'm am STRONGLY opposed to the Questar rate Hike to recoup rural pipeline costs.

Let me see if I've got this right, approximately 12 years ago Beaver County agrees to pay / reimburse Questar for the cost of extending the gas pipeline to Beaver County, and NOW decides that it'd be good for the REST of UTAH to pay off the balance ?

I wish I could work out something like that for my house payment, i.e. pay on it for a while & then make my neighbors pay part of MT house payment. I can just imagine how they'd react. About the way I'm reacting to Questar rate Hike.
