UTAH PUBLIC SERVICE COMMISSION

I believe that the contract should stand.  
 My contract to pay my mortgage is not up for change nor is my car loan.  
 These towns went into the contract with more knowledge than most individuals,  
 with lawyers and other advisors. Why should the rest of us pay for their  
 request to make a change when they don't like the first contract?  
 You may say it's only \$2.28, but this is how all taxes and additions happen, a  
 little at a time, and then add up to thousands in the end.  
 I was never asked if I would be willing to pay for this 20 years ago when the  
 contract was made, so I should NOT be asked to pay now. I believe if this is  
 allowed, it will open a door for others to ask for contracts they have made to  
 be cancelled and pushed onto the rest of us.
