My contractor asked me to write in and express my feelings regarding the experience I had and they are great! I feel great! I think it's one of the better things that Utah has going right now, what with the toxic dumping and all the other garbage I hear that is happening here. When's John Huntsman going to keep his promise and move the prison? I think that if I had the opportunity to have my attic done, everybody should have that same option. The audacity of hope for all. My contractor told me it was a win-win-win. I have lower monthly utility bills, he employs people and helps stimulate the economy, questar doesn't have to create as much new energy. win-win-win right? Where'd we go wrong. I blame Debbie.  
THanks
